

L'isola interiore: l'arte della sopravvivenza / Inner Island: Art of Survival, Il Terzo Paradiso / The Third Paradise, 51. Esposizione Internazionale d'Arte / 51st International Art Exhibition – La Biennale di Venezia, 2005.

Umberto Vattani

Presidente dell'ICE, Istituto Nazionale per il Commercio Estero / President of the Italian Trade Commission – ICE.

...man discovers in art the element of reconciliation in relations with his own kind, in the relation between one person and another, in interpersonal relations; in the relation with nature, often the object of unlimited exploitation and degradation; in the relation with politics because in politics, also, there must be respect for the other; in the relation with the economic system, so that man should not become merely the means of production...
